## ABOUT ME

I am a 23 year old User Experience Designer based in Gauteng. I have a multidisciplinary skill set that integrates creative knowledge, technical and business expertise. I enjoy solving problems and collaborating with team members on projects. As an experience designer I am detail oriented and strive to create a better product for each user. My goal is to effectively create and communicate an appropriate design solution that meets both business and user needs

## EDUCATION

2009- 2013 **MATICULATED**  
Pretoria High School for Girls

2014- 2016 **BA VISUAL COMMUNICATION**  
Open Window Institute for Arts and Digital Sciences  
Major - Interaction Design
